Create a Business Website

with **WordPress**

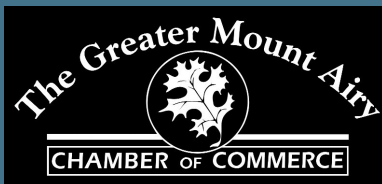

**Wednesday,
September 10, 2014**

6:00-9:00 PM

**The Center for Public Safety
1220 State Street
Mount Airy**

**Presenter:
Martin Brossman**

Pre-registration for this seminar is required by registering online at www.surry.edu/sbc or 336-386-3685.

This seminar is co-sponsored by the Greater Mount Airy Chamber of Commerce. Visit their website at www.mtairyncchamber.org for information on how the chamber can help your business grow!

For under \$100 a year you can have a professional website using the user-friendly web software of WordPress. WordPress is the leading open-source (free) content management platform that is both a website and blog. It enables you to insert the original content and make ongoing changes to the content on your own.

This class gives you the details for securing your domain name, choosing a graphics theme, and step-by-step guidance for building your site. Students have access to instructional videos to support and add to the class instruction. You will also receive a list of recommended themes, plug-ins and widgets that allow you to customize and enhance your website.

Attendees should have a working knowledge of the internet and a web-based email account before arrival as we will use email addresses to set up domain names, hosting accounts, and WordPress accounts.
